gone but not forgotten

A close-up photograph of a grey granite gravestone. The stone is rectangular with a horizontal groove near the top. Above the stone, there is a patch of green grass with several small yellow dandelions. The name 'EDNA M.' is engraved in large, serif capital letters. Below the name, the birth date 'MAY 9, 1918' and the death date 'MAY 11, 1993' are engraved in a similar font. At the bottom of the stone, there is a decorative carving of leaves and a small rectangular plaque on the left side.
